

4" Octagon Drawn Deep Boxes and Covers

4" octagon junction boxes are used to install ceiling and wall lighting fixtures, fans or convenience outlets and devices. Octagon boxes are used to bring power to an electrical device where multiple conductor runs are split in two or more directions. 4" octagon blank flat covers are used to cover 4" square box wiring and provide a means for access when future conduit runs are required.

Features

- Boxes - Drawn
- Boxes - 2-1/8" deep
- Boxes - 22.8 cu. in. extra cubic capacity
- Available in multiple KO sizes, with or without Concentric KOs and raised ground emboss with installed 10/32 ground screw where noted

Standard Materials

- Galvanized Steel
